# 2023 SUMMER ADVENTURE - ART - CAMP

## Summer Adventure Camp 2023 For Elementary Ages Rising 1<sup>st</sup> – 6<sup>th</sup> Graders!

### Session One - Art Camp

I was an art major and an art history minor at the University of North Carolina at Charlotte. I thoroughly enjoy teaching others new techniques and exploring new ideas with different mediums, textures, and concepts. I am very excited for us to learn about several artists and study their unique techniques as we work to become artists ourselves.

#### **Week 1 – 6/13 – 6/15 “Art: The Basics”**

Campers will focus on the basic aspects of art. We will learn about color theory – learning about the color wheel, complimentary colors, and mixing colors. We will also work on projects that will help develop some basic art skills.

#### **Week 2 – 6/20 – 6/22 “Art: The Techniques”**

Oils, watercolors, pencil - Oh my! There are so many different techniques available for you to explore! We will do JUST THAT! We will make our very own masterpieces by blowing the paint, adding salt, and splattering! Not only will we get to see these techniques in action, we will also study the artists who have used these techniques!

#### **Week 3 – 6/27 – 6/29 “Art: The Styles”**

From photorealism to abstract pop art, we will be studying several different styles of art during this week of Summer Art Camp! We will look at the artists behind these styles and study the differences in the techniques they used. Of course, we will also be able to make our very own work of art using the style of our choice!

### Season Two - Magic Tree House Adventures

#### **Week 4 – 7/11 – 7/13 “Dingos at Dinnertime”**

Wildfire! That's what Jack and Annie are up against when they are whisked away to the land of Australia. And they're not alone! Jack and Annie must help a baby kangaroo and a koala escape from a fire-filled forest. Will they be able to rescue the animals in time?

#### **Week 5 – 7/18 – 7/20 - “Sunset on the Sabertooth”**

The Ice Age is very cool...for two kids in bathing suits! Jack and Annie nearly freeze when the Magic Tree House whisks them back to the time of cave people and woolly mammoths. But nothing can stop them from having another wild adventure—not even a saber-toothed tiger!

#### **Week 6 – 7/25 – 7/27 - “Midnight on the Moon”**

Three ...two...one...BLAST OFF! The Magic Tree House whisks Jack and Annie off to the moon—and the future. Their mission? To find the last "M" thing that will free Morgan from the spell. Can they do it before the air in their oxygen tank runs out? Will the mysterious moon man help them? And why is Peanut the mouse acting so strange?
